PDFmarks (Mk 2)

This document demonstrates some uses of PDFmarks, and the associated **groff** code shows how to set it up. (Well, this is basically the same document as **pdfmk_1**; its main function is to be the other half of the double act).

Simple Note

You can use a PDFmark to attach a Simple Note to a place in a PDF document. To see what is meant, double-click on the "Note" icon to the left.

2. Jumping to Another Page

NEXT You can use a PDFmark as a sort of URL. This example jumps to the next page with a single mouse click.

3. The Beginnings of the Next Page

P. 1   Here, a single click takes you back to Page 1.

4. Jumping to Another PDF Document

Mk 1   Click on the box at the left to go back to the **Mk 1** document
