

CERTI - Tâches : Compiler - dimanche 23.03.2008 à 11:45 UTC

task #7747: Implement RTI::RTIambassador::requestXXXXXAttributeValueUpdate

Submitted on: jeudi 07.02.2008 à 10:06 UTC
Category: HLA 1.3 compliance
Assigned to: [ROUSSELOT <rousse>](#)
RTI Service Groups: None

Submitted by: [Eric NOULARD <erk>](#)
Closed on: -
Percent Complete: 70%
Planned Release: CERTI 3.2.6

Original Submission:

The 2 RTI API call should be implemented:

RTI::RTIambassador::requestObjectAttributeValueUpdate
RTI::RTIambassador::requestClassAttributeValueUpdate

Dernier commentaire posté (par Eric NOULARD <erk>) :

This is shipped in 3.2.6 please test before
I (or Jean-Yves) close the task.

~~task #6901: Status of query services~~

Submitted on: mardi 15.05.2007 à 14:33 UTC
Category: HLA 1.3 compliance
Assigned to: [Pierre Siron <siron>](#)
RTI Service Groups: Time Management

Submitted by: [Eric NOULARD <erk>](#)
Closed on: dimanche 23.03.2008 à 11:39 UTC
Percent Complete: 0%
Planned Release: CERTI 3.2.6

Original Submission:

Check query services status (implemented or not)
and in particular:

queryLBTS
queryMinimumNextEventTime

~~task #6900: Asynchronous Message Delivery~~

Submitted on: mardi 15.05.2007 à 14:29 UTC
Category: HLA 1.3 compliance
Assigned to: [Pierre Siron <siron>](#)
RTI Service Groups: Time Management

Submitted by: [Eric NOULARD <erk>](#)
Closed on: dimanche 23.03.2008 à 11:33 UTC
Percent Complete: 100%
Planned Release: CERTI 3.2.6

Original Submission:

We should implement a switch for enabling/disabling the FIFO ordering policy of messages outside TAR/TAG.

Concerned Service API

disableAsynchronousDelivery ()
enableAsynchronousDelivery ()

and the non-normative (but nonetheless essential) service:

tick

Dernier commentaire posté (par Eric NOULARD <erk>) :

Pierre,

Can you confirm this task is over and tested ?

 ~~task #6899: add time parameter to TAG~~

Submitted on: mardi 15.05.2007 à 14:27 UTC
Category: HLA 1.3 compliance
Assigned to: None
RTI Service Groups: Time Management

Submitted by: [Eric NOULARD <erk>](#)
Closed on: dimanche 23.03.2008 à 11:36 UTC
Percent Complete: 0%
Planned Release: None

Original Submission:

TAG=
TimeAdvanceGrant

Dernier commentaire posté (par Pierre Siron <siron>) :

Someone has already added this feature.
A next version of billard will use it.

 task #6898: TARA and NERA

Submitted on: mardi 15.05.2007 à 14:26 UTC
Category: HLA 1.3 compliance
Assigned to: [Pierre Siron <siron>](#)
RTI Service Groups: Time Management

Submitted by: [Eric NOULARD <erk>](#)
Closed on: -
Percent Complete: 90%
Planned Release: CERTI 3.2.6

Original Submission:

TARA and NERA are:

```
imeAdvanceRequestAvailable (const FedTime &)  
nextEventRequestAvailable (const FedTime &)
```

we should analyse and (may be) implement thoses services.

Dernier commentaire posté (par Eric NOULARD <erk>) :

Pierre
I did release CERTI 3.2.6 yesterday using
CVS Head as planned.

If TARA and NERA is done may you close the task?
If not may be add a comment in the tracker for missing feature?

 ~~task #6896: tagged deleteObjectInstance~~

Submitted on: mardi 15.05.2007 à 14:19 UTC
Category: HLA 1.3 compliance
Assigned to: [Christian Stenzel <approx>](#)
RTI Service Groups: Object Management

Submitted by: [Eric NOULARD <erk>](#)
Closed on: dimanche 23.03.2008 à 11:34 UTC
Percent Complete: 20%
Planned Release: None

Original Submission:

We should implement the tagged version
of

```
deleteObjectInstance (ObjectHandle, const char *)
```

Dernier commentaire posté (par Eric NOULARD <erk>) :

Closed this i shipped inf CERTI 3.2.6

 task #6894: Implement synchronisation point for a set of federate

Submitted on: mardi 15.05.2007 à 14:14 UTC
Category: HLA 1.3 compliance
Assigned to: [ROUSSELOT <rousse>](#)
RTI Service Groups: Federation Management

Submitted by: [Eric NOULARD <erk>](#)
Closed on: dimanche 23.03.2008 à 11:38 UTC
Percent Complete: 100%
Planned Release: CERTI 3.2.5

Original Submission:

The service
registerFederationSynchronizationPoint
(const char , **const char** , const FederateHandleSet)

has an optional federate set as parameter

 task #6892: Implement Save/.Restore Federation services

Submitted on: mardi 15.05.2007 à 14:02 UTC
Category: HLA 1.3 compliance
Assigned to: [ROUSSELOT <rousse>](#)
RTI Service Groups: Federation Management

Submitted by: [Eric NOULARD <erk>](#)
Closed on: -
Percent Complete: 80%
Planned Release: UnplannedRelease

Original Submission:

API concerned are:
federateRestoreComplete ()
federateRestoreNotComplete ()
federateSaveBegun ()
federateSaveComplete ()
federateSaveNotComplete ()
requestFederationRestore (const char *)
requestFederationSave (const char *)
requestFederationSave (const char *, const FedTime&)

We should examine what is the meaning and semantic
of
requestFederationSave (const char *, const FedTime&)

what does the FedTime parameter stand for?

Dernier commentaire posté (par Eric NOULARD <erk>) :

This partial implmentation as been shipped
in CERTI 3.2.6

 task #6890: Implement Receive Order policy for UAV and SI

Submitted on: mardi 15.05.2007 à 13:57 UTC
Category: HLA 1.3 compliance
Assigned to: [ROUSSELOT <rousse>](#)
RTI Service Groups: Object Management

Submitted by: [Eric NOULARD <erk>](#)
Closed on: dimanche 23.03.2008 à 11:37 UTC
Percent Complete: 100%
Planned Release: CERTI 3.2.5

Original Submission:

We need to implement the Receive Order aka FIFO policy
for UpdateAttributeValues and
SendInteraction.

Current (as of 3.2.4) CERTI implementation handle
TSO (Time Stamp Ordered) delivery exclusively.

2008-03-23
